

"I am THANKFUL"
Cornucopia

A Thanksgiving Craft from Keepsake Curriculum

"I am THANKFUL" Cornucopia

Thanksgiving is definitely a great time of year to teach our children how to be thankful to God and to count their blessings. Some time during the month of November, as you prepare for the Thanksgiving holiday, use this craft to decorate your heart and home in thanksgiving as well.

Materials:

Construction Paper (brown & black)

Crayons

Scissors

Glue Stick

Cornucopia template (included)

Fruits/Vegetables Printout (included)

Directions:

1. Print out the cornucopia and trace it onto brown construction paper; cut it out.

2. Cut out the cornucopia oval and trace it on black construction paper; cut it out as well.

3. With your glue stick, glue the black oval onto the cornucopia.

4. Color your fruits and vegetables with crayons. (Note: if you want to fill the cornucopia with more, then print another sheet!)

5. Cut them out.

6. Arrange the fruits and vegetables the way you want them on the cornucopia - **make sure you leave room on each one to write what you're thankful for.**

7. Glue down each piece.

8. With a black crayon, write what you're thankful for on each fruit/vegetable.

9. Cut out the "I am THANKFUL for..." box.

10. Use your glue stick to glue it on the cornucopia.

Be thankful for your blessings every day!

I am
THANKFUL
for...
