SHAPE SORTING MATS

Print and laminate the 4 shape mats (square, circle, triangle, & rectangle).

Print, laminate, and cut the labels for the names of each shape.

Print, laminate, and cut the colored shape cards.

Print, laminate, and cut the shape pieces for building the house.

Shape Practice:

Lay out the 4 shape mats in front of you. "Label" each mat with the corresponding name label (place in the box with the ?).

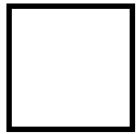

Talk about the sides and corners of each of the 4 shapes. Use a dry erase marker to write the number of sides and corners each shape has in the boxes at the top of each mat (you can also use the dry erase marker to circle the corners and write numbers 1, 2, 3, etc next to each side).

Mix the colored shape cards into a pile. Draw one at a time and sort onto the appropriate shape mat.

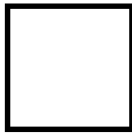

Build a house with the shapes provided. After the house is complete, place each piece of the house on its corresponding shape mat.

A Look Inside:

Sides

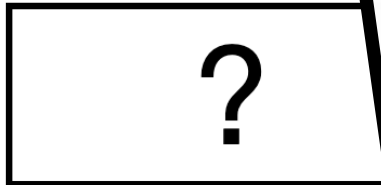

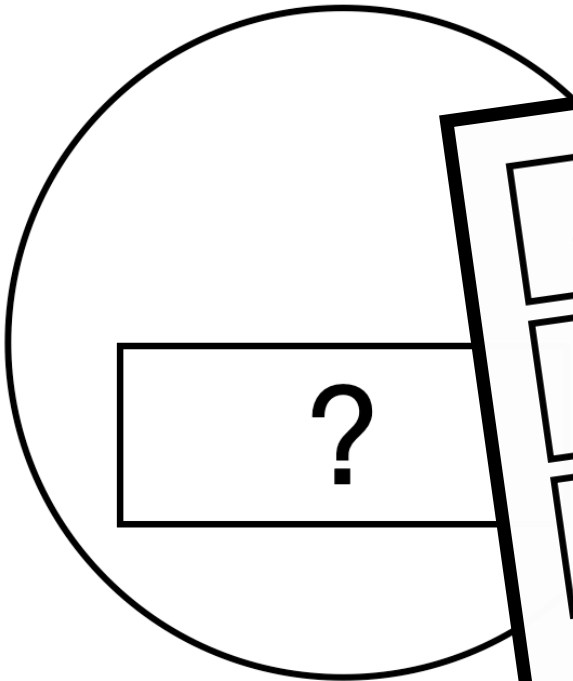

Corners

Sides

Corners

Square

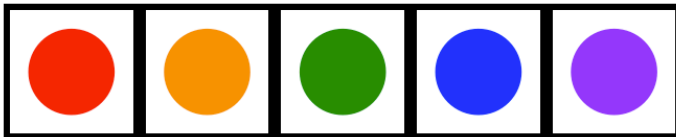

Circle

Triangle

Rectangle

Print, laminate, and cut the shape cards. Mix them up in a pile. Draw one card at a time and place them on the matching shape mat.

Print, laminate, and cut. Build a house with the shapes below. After building, place them on their corresponding shape mat.
