

# COUNT TO CHRISTMAS HOLIDAY LIGHTS

FROM KEEPSAKE CURRICULUM

Tape a string either horizontally or vertically, on a bedroom door, wall, etc. Each day of December, have your child color and cut out the lightbulb for that day. Tape it to the string.

Alternative: hang the string, cut out all the lights, and tape them all to the string. Each day, remove the lightbulb for that day, have your child color it in, and tape it back on the string. This way your child can see how far they still have to wait!
