

# The 100th Day of School!

Fun Activities to Celebrate 100 Day  
with Primary Students

From Keepsake Curriculum

# 100 Day

Do you keep track of the days of school? For the primary grades, a really fun thing to celebrate is when they hit their 100th day of school, fun, and learning!

Here are a few fun things you can do with them:

**100 Day Tie:** Celebrate the big day in style: color, cut, and attach this paper tie and wear it the whole day. Such an important day calls for important clothing!

**The Book of 100:** A fill in the blank book about different scenarios involving 100 things. Let imaginations soar...and draw some fun pictures too!

**100 Day Mystery Picture:** Color in numbers of a 100 chart to reveal a mystery picture.

## Other fun ideas:

- Take 100 steps outside or through the house and see how far you can go!
- Count to 100: squat like a frog and count; every time you get to a number ending in zero, jump in the air and go back down.
- 100 Day Snack: gather 5 different snacks (ie, Goldfish, pretzels, M&Ms, mini marshmallows, Teddy Grahams); have your child count out 20 of each into a bag so that their snack bag has, you guessed it, 100 pieces of food!
- 100 Day Chain: cut 20 strips of paper in 5 colors (total of 100 strips) and glue them together with your child into a chain of 100 colorful links!

Write your name  
on the line.

Decorate your tie  
any way you want.

Cut it out.

Attach to your  
shirt with tape  
(or a safety pin  
with parent's  
help.)

# One Hundred Day Mystery Picture Answer Key

Call out the numbers to be colored in. You can do so in any order that you want. Here is an idea to get started: Color 22; color 72; color everything between in an up and down line (32, 42, 52, 62).

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100
