**Print** (cardstock recommended), **laminare** (if possible), and **cut** the picture cards. Get 26 envelopes and label the front of each with one letter of the alphabet: “Aa”, “Bb”, “Cc”, “Dd”, “Ee”, etc.

\*Consider laminating the envelopes as well for longer use. If you leave the flap/fold of the envelope up as it goes through the laminator, you can lightly slice the body open and use as you would a regular envelope. **You can use small velcro stickers to hold the envelopes closed.**

Match the picture card to its corresponding envelope. Place the card in the envelope, close, and “mail” your alphabet letters!

Note: looking at all 26 cards or envelopes at once can be overwhelming to search through. Consider working through the cards in groups by laying out 5 or 6 at a time, completing that group, and laying out a new group until all cards have been matched.
